### **HOMI FASHION&JEWELS EXHIBITION PRESENTS A NEW EDITION. TRENDS AND LATEST NEWS FROM 16 TO 19 SEPTEMBER 2022.**

*The event dedicated to bijou, jewellery and fashion accessories returns to Fieramilano (Rho) with many items under the banner of internationality. New features of the edition include the event space "FJ Visions of tomorrow" dedicated to future trends.*

*Milan, 13 June 2022. **HOMI Fashion&Jewels Exhibition**, the event dedicated to the excellence of bijou, jewellery and fashion accessories, returns from 16-19 September at Fieramilano (Rho) with a **wide-ranging and international offer, where style, innovation and originality meet**. Central point of the upcoming Fall Winter 2022.2023 collections presented at the show is Made in Italy, enhanced by intriguing and contemporary cues, with an important presence of French brands and Greek designers.*

The event thus confirms itself as a must-attend event for operators in the sector who, in a single event, will find the new collections for the coming winter season, within a context that is always dynamic, where **they can compare and evaluate new business opportunities**. This is thanks in part to the partial simultaneity with **Micam**, International Footwear Show, **Mipel**, International Show dedicated to leather goods and fashion accessories, and **The One Milano**, Salone dell'Haute à-Porter, to be held from 18-20 September, also at fieramilano.

And with the very aim of anticipating **future styles** for all players in the industry, the September edition strengthens the link between HOMI Fashion&Jewels Exhibition and **Poli.Design**. A collaboration that will give life to a new space, **FJ Visions of tomorrow**, which will be developed through **Fashion Future Trend**, dedicated to the presentation with multimedia content of the new forecasts, while the second **Fashion Future Incubator** will be a pathway dedicated to the multiple visions of the future of jewellery and fashion accessories, a real story, made explicit through the presence of products that will reflect and interpret the "seasonal must-haves" and the trending colours of the two macro trends Handle With Care and Beyond Reality.

The tour will be completed with proposals presented by "**The incubator-Tuttepazzeperbijoux,**" curated by Maria Elena Capelli. Thanks to careful scouting, collections that specifically target concept and jewellery stores that seek unique, handmade, high-quality pieces and particularly original pieces are housed within this space.

To further enhance the creativity of its exhibitors and give maximum visibility to their new collections, HOMI Fashion&Jewels Exhibition in July will organise, in collaboration with **PreziosaMag**, a photo shoot in the world's most iconic city: New York. A unique opportunity to preview, through the most glamorous streets of the metropolis, the new products that can then be discovered and admired at the event.
